

Aims and ethos

At RGS Surrey Hills we are a community where:

- We help children enjoy their childhood, secure life-changing qualifications, and develop qualities of character.
- We love learning about the world and ourselves, in and beyond the classroom.
- We seek excellence, preparing children for a happy and successful adult life in our Reigatian and global community.
- We nurture and promote confidence, curiosity, creativity, wellbeing, resilience, and good behaviour.
- We help children to be healthy and safe.
- We balance academic excellence with social responsibility.
- Our children are commissioned to make the world better, fairer, safer, more caring, inclusive, and sustainable.
- We celebrate diversity and listen to and value others for who they are and who they want to be, valuing the accomplishments of others as much as our own.
- We work together to support, look out for, and care for each other – we are a family where kindness comes first.
